

PUBLIC EVENTS

It is challenging for those serving alcohol at an event to influence a large group of people who often do not understand the key factors that lead to a DUI arrest.

Think Twice works directly with the largest brewery, winery, distillery, and festival event companies to provide breathalyzer and alcohol education to attendees. Certified volunteers operate digital breathalyzers and educate participants about the common misconceptions associated with a DUI arrest. We focus on the correct way to use breathalyzers and the science related to breath-alcohol-content.

SOLUTIONS

Resources are needed to participate at each event and your donation will support event fees, booth and tent equipment, and help the volunteers who educate attendees.
